## NEWS GATHERED FROM SOUTHSIDE

Rev. Mr. Faulkner Did Not Resign, But Completed Term of Pastorate.

### AN ENJOYABYE LAWN PARTY

An Honest Man is Found, Also a Dishonest Man-Another Celebration.

Concerning the reports which appeared in another paper that Rev. J. K. Faulkner had resigned the pastorate of Oak Grove Baptist Church a warm friend and personal admirer of the worthy pastor said last night that Mr. Faulner had not resigned, but had simply completed his term of service.

When Mr. Faulkner took charge of the church last September, he did so with the understanding that he was accepting the charge for only one year. On last Sunday that term came to an end. Hence Sunday that term came to an end. Hence when Mr. Faulkner took leave of his flock those ignorant of the status of affairs took it for granted that he had resigned. It may be added, moreover, that all the relations existing between the pastor and his congregation had been perfectly harmonious. There had been no dissension of any nature and it was with mutual reluctance that the end of the term had come.

m had come. nulkner took his text Sunday from Mr. Faulkner took his text Sunday from Thes. v. 12-13, his subject being "Pastoral Claims." His evening text was taken from I Timothy, 1-17. The morning discourses were the counterpart of the sermon on "Pastoral Duttes" on Sunday morning August 20. At the end of the services came the announcement that day morning August 20. At the services came the announcement that the pastor had completed his pastorate. It was in the nature of a surprise because most of the congregation had thought that the term would not be completed until October.

Mr. Faulkner leaves to-day for Bowling Green to visit his daughter, Mrs. Long. After that his home will be in Mecklenburg county, near Branch.

The lawn party given last night by the seph E. Johnston Camp of Confederate Joseph E. Johnston Camp of Confederate Veterans was an approved success. Robs Boarding House.

Mrs. John Harvey, who runs a boarding house at Ninth and Porter Streets, had an experience yesterday which falls often to the lot of those who follow that business. A man who gave the name of Griffin and who claimed to be from New York, went there last Wednesday and engaged room and board. Sunday he skipped out, taking not only his own helongings but also the effects of everybody on which he could lay his hands. He took a \$5 pair of shees, a handsome Iver Johnson revolver, sundry other articles and all the cash in sight, and rifled several suit cases. He left no clues, but fell completely from sight.

He is described as being about five feat eight inches in height, and of a dark complexion. He were a pair of gold-rimmed eye glasses. He left no traces by which he might be followed up, and his disappearance is a complete endama to the potter, who, however, are on the look-put for him.

### An Honest Man.

An Honest Man.

Though Diogenes searched the streets of Athens with a lantern for an honest man in the ancient days, one-and an honest one at that-has been found no farther than Atlantic City. The fortunate discoverers were Mr. John Latham and his wife. Recently Mr. and Mrs. Latham, while seeing the sights in Atlantic City, had the misfortune to lose a pocket book containing 150 and two round trip lickets. They immediately made known their loss to the police, who, however, offered them little consolation, saying that help had so many of such lesses reported to them that they twere almost powerless to do anything.

Mrs. Latham suggested to her husband that they try the newspapers. An advertisement was inserted, and almost lumediately a man answered with the lost articles. He refused to take any reward.

The Seminary Girl.

There are many catchy numbers to the Seminary Girl, the last new venture and highly successful one of Melville B. Raymond, and the one which catches the immediate fancy of the audience is the entrance song of Miss Marion Longfellow, who has the title role. The number is called "Thinks You Learn at School." There is plenty of ginger in the verse, as it deals with the different things a girl learns at a seminary, not all of which are in the regular course, The satire is delicious, and Miss Longfellow and the eight school girls are delicious in the number.

"The Seminary Girl" is one of the largest musical comedy shows on the road and will make her initial appearance at the Academy of Music on Wednesday and Thursday nights. A special matinee will be given on Thursday.

Some days ago The Times-Dispatch published the fact that the indictment against Syrcle read "Robert Lee" instead of "J. R.," and that it was probable that it would not hold.

Syrcle, however, decided not to take advantage of the technicality, and, accompanied by his attorney, Mr. Gilbert K. Poliock, went to the City Hall and applied to Judge Grinnan for ball. It was ifound that jihe Chancery Court judge could not act in the matter, so habeas corpus proceedings were instituted and ball was allowed in the sum of \$500, P. A. Lame going upon the ball.
